ARCHITECTURAL products

Stefan Andrén
of **Krownlab**

product PivotDoor
standout In collaboration with Dan [illegible] & Fong, this sliding door system features a stainless steel framework, discreet acoustic panels in custom FSC-certified bamboo. krownlab.com. **circle 816**

Nate Berkus
for **The Shade Store**

product Nate Berkus Collection
standout The TLC star travelled through Mexico, Southeast Asia, and Europe—and returned with 10 polyester roller shade patterns that reference hand-drawn illustrations. Offered in light filtering or blackout options. theshadestore.com. **circle 817**

Arthur Lasky
of **NY Hearth Cabinet Co.**

product Geometric
standout No flue, chimney, gas, or electricity are required for this out-of-the-box fireplace, offered in unusual shapes: trapezoid, hexagon, triangle, and parallelogram. Mineral wool insulates the powder-coated steel units. hearthcabinet.com. **circle 818**

Matt Taylor and **Giovanna Masseroni**
of **Moonish**

product Koi
standout The glinting scales of the titular fish inspired a customizable wall relief in white-painted FSC-certified plywood, the modules (of varying thicknesses) edged in eye-catching pink. Pigments are VOC free. moonishco.com. **circle 819**

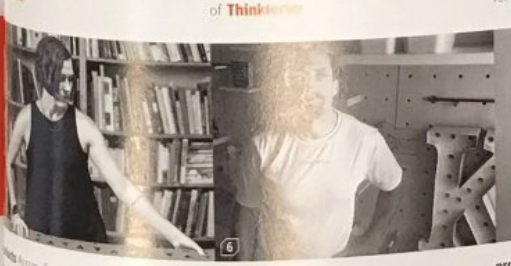
Chris Jones
of **Thinkterior**

Tom Kundig
for **12th Avenue Iron**

Marcel Wanders
for **Pure + Freeform**



product Arrow, Square
standout Hanging panel patterns [illegible] geometric repetition are [illegible] in 100 percent wool Design [illegible] three sizes and 50 colors. [illegible] size gradually decreases [illegible] privacy at seat height. [illegible]. **circle 820**

product MyWall
standout The in-line display system's double-sided white teak panels can be installed on existing walls or used as freestanding partitions; dedicated cabling space installed in between eliminates the need for rewiring. thinkterior.com. **circle 821**

product Push Pull Plate
standout A piece of 5/16-inch hot-rolled steel is transformed via a press brake into a bent door pull with a teardrop-hemmed grip and blackened wax finish. Eight attachment points guarantee versatility. 12thavenueiron.com. **circle 822**

product Diamond
standout This kaleidoscopic aluminum skin, suitable indoors or out, mixes silver, blue, and white pearl ink with a gray base to create a dizzying iridescent pattern that's nonetheless almost entirely matte. purefreeform.com. **circle 823**
